Located on the North Sea coast, Aberdeen has a rich maritime history and has long been an important centre for fishing, shipbuilding, and trade. In the late twentieth century, the discovery of North Sea oil transformed the city into a major hub for the energy industry, bringing economic growth and international investment. The city is home to the historic University of Aberdeen, one of the oldest universities in the English-speaking world. Aberdeen also offers a variety of cultural attractions, including museums, galleries, parks, and theatres. Its sandy beach and nearby countryside provide opportunities for outdoor recreation. Today, Aberdeen combines its historic heritage with modern industry and innovation, making it one of Scotland's most important and dynamic cities. VIEWING: Strictly by appointment with Geo & Jas Oliver WS. FIXTURES & FITTINGS: Included in the sale are all carpets, lighting and bathroom fittings. HOME REPORT: As the properties are being sold as a portfolio, there is no requirement to provide a home report. EPC: Available up on request VIEWING: By appointment with Geo and Jas Oliver W.S.
